EXPERIENCE

Serenetic Software Pvt. Ltd., Junior Software Developer 03/2024 – 05/2025 | Ahmedabad, india

- Developed and maintained PHP/Laravel applications and REST APIs. Optimized MySQL queries to improve application performance. Applied secure coding practices and fixed OWASP Top 10 vulnerabilities.
- Collaborated with cross-functional teams to deliver scalable solutions.

iGex Solutions, *Junior Software Developer*

02/2023 – 02/2024 | Ahmedabad, india

- Built and maintained Laravel-based web applications and WordPress websites.
- Integrated third-party APIs and implemented role-based access control. Improved performance through query optimization and caching.
- Enhanced security using HTTPS and secure authentication.

Express Technology, Inc., *Laravel Trainee*

02/2022 – 09/2022 | Ahmedabad, Gujarat

- Learned core Laravel concepts including routing, Blade, Eloquent ORM, and MVC.
- Assisted with deployment to Linux servers and basic debugging.
- Developed modules under mentorship in an Agile environment.

ACHIEVEMENTS & CERTIFICATIONS

Deloitte Australia – Cyber Job Simulation (Forage)

- Completed threat analysis, security advisory, and incident documentation.

Mastercard – Cybersecurity Job Simulation (Forage)

- Identified phishing threats and created mitigation strategies.

3+ Years of Professional Software Development

- Built production-ready PHP/Laravel applications with secure coding practices.

Secure Coding Champion (Internal)

- Remediated OWASP Top 10 vulnerabilities including SQL Injection and XSS.

Self-Driven VAPT & Blue Team Learning

- Practicing on TryHackMe and Hack The Box.

PROJECTS

ConnectAble, *School management system*

Present

- ConnectAble provides the advocacy, support and even the software your adult education program needs, so you can focus more on your students.

Beneve LLC, *E-commerce system*

Present

- Beneve offers a refreshingly simple solution. Whether you're grappling with sluggish mornings or weary afternoons and lacking the energy to make positive life

WPSchoolPress, *WordPress School Management System*

Present

- WPSchoolPress is a useful School Management System built on WordPress, making it simpler and more efficient to handle everyday tasks at schools.

SecureText Encryption Tool, *Data encryption tool*

- Built a tool that encrypts text using Morse + SHA-512 with a user-defined key.
- Designed a clean dual-panel interface for encryption and recovery workflows.
